Ethical Inventory Questions

2. Discovering values related to social ethics of care: How do the people in the first question show that they care for one another or non-human animals?

3. Discovering values related to social utilitarian ethics: What are some actions people take to make the world a better place? What makes these actions good?

5. Discovering values related to social rights/laws and rules: What rights, rules, and laws are important to you as a citizen of the United States? As a member of this school? As a member of your town?

6. Discovering values related to conservation: What do (or should) people do to care for the earth, its air and water, and its plants and non-human animals? What makes these actions good?
